The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Dear Supervisors:

PROPOSITION 218 ASSESSMENT BALLOTS - CITY OF LANCASTER LIGHTING MAINTENANCE DISTRICT NO. 2 (FIFTH DISTRICT) (3 VOTES)

IT IS RECOMMENDED THAT YOUR BOARD:

Support the proposed new assessments on properties owned by the County of Los Angeles (County) within the boundaries of the proposed new City of Lancaster (City) – Lighting Maintenance District No. 2 (District) for maintenance and operations of public street lighting within the District at an annual cost of \$8,527, and direct the Chief Executive Officer to cast the ballots supporting the assessments for the properties.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Support of the proposed District will allow for the operation, maintenance, and replacement of deteriorated lighting within the proposed District. The assessment District contains various County-owned parcels identified on Attachment A.

IMPLEMENTATION OF STRATEGIC PLAN GOALS

The Countywide Strategic Plan directs that we ensure the quality of life through community services that meet the needs of the specific community (Goal 6) and increase public safety and security of all residents (Goal 8). Support for the benefit assessment against these County properties to increase security and maintenance programs fills an identified need and supports these strategies.

FISCAL IMPACT/FINANCING

The proposed District's total assessment amount of \$4,488,319 for Fiscal Year (FY) 2007-08 is to provide funding for the ongoing maintenance and operations of the public street lighting system, including within the public right-of-way or easements that have been or will be installed within the District. The total assessment to be levied on the County properties for FY 2007-08 is \$8,527. Thereafter, the annual assessments may be adjusted for any increases in the Consumer Price Index, normal Southern California Edison Company energy increases, or by a re-balloting of property owners.

We propose to charge the assessments to the benefiting departments which have proprietorship over the assessed parcels, in keeping with the current policy and practice of charging such assessments to the County departments occupying or deriving use from the assessed property.

The financial cost of paying this increased assessment on the budget of Agricultural Commissioner/Weights and Measures, Chief Executive Office, Fire Department, Department of Health Services, Public Library, Department of Public Works, and the Sheriff Department is not significant and can be absorbed within those departments' FY 2007-08 budget appropriations. With respect to the two courthouses located in Lancaster, since these courthouses are still the responsibility of the County, the cost of the assessments will be absorbed by the County.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

As a result of the passage of Proposition 218, property owned by government agencies, including Los Angeles County, became subject to assessment by various County and non-County assessment districts on July 1, 1997. The County, like other property owners, is able to cast ballots supporting or opposing the assessments and its ballots will be weighted to reflect its proportionate share of the total assessment. Publicly owned properties are no longer exempt from the assessment unless the parcels receive no special benefit. The agency cannot increase an assessment or impose a new assessment if a majority of the ballots returned oppose the proposed assessment.

The method of assessment for this assessment district is determined by the parcel's land use Equivalent Benefit Unit (EBU) created by the City as a way to relate dissimilar land uses such as commercial and residential.

It has been determined that the services to be financed by the District will be of sufficient benefit to warrant the Board's support. Accordingly, we are recommending that your ballots be completed as supporting the assessments.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Approval of this benefit assessment will help ensure the maintenance and public safety of the public right-of-ways, streets and highways within the assessment District.

CONCLUSION

It is requested that the Executive Officer, Board of Supervisors, return the adopted stamped Board letter to the CEO, Real Estate Division, 222 South Hill Street, 4th Floor, Los Angeles, CA 90012.

Respectfully submitted,

WILLIAM T FUJIOKA
Chief Executive Officer

NOTICE OF PUBLIC HEARING AND ASSESSMENT BALLOT PROCEDURE

CITY OF LANCASTER LANCASTER LIGHTING MAINTENANCE DISTRICT NO. 2

Purpose of this Notice

The purpose of this notice, which includes both this document and the enclosed Assessment Ballot, is:

- to provide information to the record owners of property within the proposed boundaries of the Lancaster Lighting Maintenance District No. 2 (the "District") of the City of Lancaster (the "City") regarding the proceedings being undertaken by the City to consider the formation of the District and the levy of assessments on properties within the District for the purposes specified below;
- to transmit the Assessment Ballot to the owner or owners of each property within the District to enable such owner or owners to express support for or opposition to the levy of the proposed assessment against the property of such owner or owners by completing and returning the Assessment Ballot; and
- to provide instructions to the owner or owners to assist in completing the Assessment Ballot and returning it to the City.

Reason for the Assessment

This assessment district is being proposed in order to provide a stable revenue source to fund the ongoing maintenance and operation of public street lighting, traffic signals, public parking lot lighting, and highway safety lighting improvements that have been determined to benefit your property.

The improvements to be maintained and funded through the District assessments include street lighting traffic signals, public parking lot lighting, and highway safety lighting, improvements within the public rights-of-way or easements that have been or will be installed within the District.

Assessment Proposed to be Levied on your Property

The amount of the assessment proposed to be levied against the property for which this notice is given is specifically set forth on the enclosed Assessment Ballot.

Duration of the Assessments

If approved, the first annual assessment may appear on your 2007-2008 property tax bill. Because the proposed assessments will provide annual funding for the on-going maintenance and operation of the improvements, there is no sunset on the assessments, but the budget and assessments are presented at a public hearing each fiscal year, which is open to the public for comment and testimony.

Inflationary Adjustment

As part of your support for or opposition to the proposed assessments described in this notice and presented on the enclosed Assessment Ballot, you are also indicating support for or opposition to an inflationary adjustment to the maximum assessment rate, identified on the enclosed Assessment Ballot. The inflationary adjustment shall be the annual percentage change in both the CPUC for Southern California Edison service charge and electrical usage, and the local Consumer Price Index (CPI-U), for other maintenance items, Los Angeles-Riverside-Orange County Area - All Urban Consumers annualized index, commencing with fiscal year 2008-2009.

Total Annual Assessment Proposed to be Charged to the District

For the purpose of establishing the initial maximum assessments for Fiscal Year 2007-2008, the total annual amount of the assessments proposed to be charged to the District is **\$4,029,168.00**. An initial Maximum Assessment Rate has been calculated for the District based on the total annual assessment amount and a proportional special benefit formula that utilizes a weighted apportionment to each parcel within the District known as the Equivalent Benefit Unit (EBU) formula. This weighted apportionment to each parcel and the establishment of each parcel's proposed annual assessment amount is described in the Engineer's Report, which is on file with the City Clerk as well as briefly summarized in this notice and ballot. The proposed Maximum Assessment Rate for Fiscal Year 2007-2008 has been calculated to be \$80.56 per EBU for the District.

Basis upon which the Proposed Assessments are Calculated

Each assessable parcel within the District shall be assessed proportionately for the maintenance and operational costs of the improvements that provide special benefits to those parcels, including all incidental expenses and fund balances. Each year the City shall determine the net funding cost to provide and maintain the improvements within the District. This net annual cost shall be apportioned to each parcel within the District based on the methodology described within the Engineer's Report and summarized below.

The calculation of each parcel's Assessment Rate utilizes the following assessment formulas:

$$\text{Parcel's Land Use EBU} \times (\text{Residential Units or Non-Residential Acreage}) = \text{Parcel's Calculated EBU}$$

$$\frac{\begin{array}{c} \text{Balance to Levy} \\ \text{(Budgeted Cost)} \end{array}}{\begin{array}{c} \text{Number of Benefit Units} \\ \text{(Total EBUs)} \end{array}} = \text{Levy Amount per EBU (Assessment Rate)}$$

$$\text{Assessment Rate} \times \text{Parcel's Calculated EBU} = \text{Parcel's Assessment Amount}$$

A more detailed description of the budget and basis upon which the amount of the proposed assessments are calculated is described in the Engineer's Report for the District, which is on file with the City Clerk.

Public Hearing

Notice is hereby given that a public hearing on the proposed district and assessments will be held in the regular meeting place of the City Council of the City of Lancaster, being the City Council Chambers located at Lancaster City Hall, on Tuesday, October 23, 2007, at 6:00 p.m. at 44933 Fern Avenue, Lancaster, California.

THIS BALLOT is your opportunity to indicate whether you support or oppose the proposed annual assessments for your property to fund the annual maintenance and servicing of public street lighting, traffic signals, public parking lot lighting, and highway safety lighting improvements ("Improvements") that have been determined to be of special benefit to your property and other properties within the boundaries of the District. The District assessments will fund in whole or in part the materials, equipment, utilities, labor, appurtenant facilities and incidental expenses necessary for the ongoing maintenance and operation of the Improvements.

Basis of Calculation: A description of the Improvements and the method used to calculate the assessment for each parcel is set forth in the Engineer's Report on file in the City Clerk's Office and is summarized in the notice of public hearing that accompanies this ballot. If the proposed increased assessments are approved, your parcel's annual assessment will be subject to the amount identified on your ballot as "This Parcel's Proposed Maximum Annual Assessment for FY 2007/2008", effective for Fiscal Year 2007/2008.

Assessment Ballot Proceedings: In addition to the right to participate in the public hearing scheduled for October 23, 2007, beginning at 6:00 P.M. at the City Council Chambers located at 44933 Fern Avenue, California, each record owner of property proposed to be assessed has the right under the provisions of the Assessment Law to submit an Assessment Ballot in favor of or in opposition to the proposed assessment. Each record owner, or the legally authorized representative of such record owner, may complete the Assessment Ballot and thereby indicate such owner's support for or opposition to the proposed assessment. After the conclusion of the public hearing, the City Council shall cause the Assessment Ballots timely received, to be tabulated by the City Clerk or their designee. It is not necessary for the record owner to be a citizen of the United States or a resident of the City, the State of California or the United States in order to be eligible to complete an Assessment Ballot. **Only Ballots issued by or on behalf of the City of Lancaster shall be considered Official Ballots for the purpose of determining majority protest.**

If majority protest exists, the proposed assessment will not be adopted and if your property is within the existing street lighting district your property will continue to be assessed at your current rate. If a majority protest does not exist, and District No. 2 passes your assessment, if any, under the existing streetlight maintenance district will no longer be assessed. For purposes of the Assessment Ballot procedure, a majority protest exists if, upon conclusion of the public hearing, Assessment Ballots submitted in opposition to the proposed assessments exceed Assessment Ballots submitted in favor of such assessments. In tabulating the Assessment Ballots, each Assessment Ballot shall be weighted by the amount of the proposed maximum assessment to be imposed upon the parcel for which such Assessment Ballot was submitted.

Protest Provisions: Pursuant to California Constitution Article XIID, Section 4 (e), at the Public Hearing, the City Council shall consider all protests against the proposed assessment. In addition to the property owner assessment ballots, written protests regarding the District and assessments may be filed with the City Clerk prior to or during the Public Hearing.
